**We've had several digital cameras donated!
Also several relatively new computers!**

We could use some large, heavy-duty plastic/rubber tubs to be used for water in our pastures. Many of ours have cracked due to ice in them this winter.

We also really need before this summer 2 refrigerators with freezers that work for our feed room. Our produce and bread spoils very quickly in the heat.

We could use 2 or 3 heavy duty 50' hoses for filling our outdoor water troughs. They have to go a long way out to the pastures!

When you wish upon a star
Makes no difference who you are
Anything your heart desires
Will come to you

If your heart is in your dream
No request is too extreme
When you wish upon a star
As dreamers do

Like a bolt out of the blue
Fate steps in and sees you through
When you wish upon a star
Your dreams come true

Remember me? It's Jiminy Cricket!
Won't you help make these dreams come true? Bless you for caring!
